SIR JAMES CRAIG TO TAKE PART IN IRISH SETTLEMENT TALKS

(By Associated Press)
LONDON, Nov. 3.—Sir James Craig, Ulster premier, has accepted the government's invitation to come to London and consult it as to Ulster's attitude toward the proposals regarding the Irish settlement. Sir James, it is stated, is coming to discuss specific plans submitted to the government by the Sinn Féin, which are of such character that the government thinks them feasible if Ulster agrees to them.

These plans do not, however, embody any agreement definitely reached between the government and the Sinn Féin. The Ulster premier has said throughout that he would not intervene until such agreement was reached, but has now consented to discuss the provisional proposals.

REBEL LEADER GOES TO DEATH AS BRAVE MAN

(By Associated Press)
PETROGRAD, Nov. 3.—Baron Michel Ugorsky-Sternberg, former anti-bolshevik leader in Siberia, who was sentenced and shot at Novo Nikolai-ovsk in September for co-operating with Colonel Semenov in an attempt to overthrow the far eastern republic, met his death calmly.

When he appeared before the military court martial which condemned him, he wore a yellow Mongol robe upon the shoulders of which were the epaulettes of a general. He admitted all the charges against him, except the one that he was co-operating with Japan.

In a low, calm voice he replied to all questions asked by the court martial. He modestly related the romantic career he had since he began working with Semenov to combat bolshevik control of central Siberia and told of their agreement with the Hutuktu of Mongolia, at Urga, whereby an autonomous state was to be maintained much as it was under the old Russian empire.

SCHOOLS FOR ALL IS PLAN IN JERUSALEM

(By Associated Press)
JERUSALEM, Nov. 3.—The British government, which has a mandate over Palestine, has undertaken a plan to place a school within the reach of every child in Palestine. It hopes to accomplish this within a few years.

The purpose is to establish 50 new schools each year, these to be distributed throughout Palestine as the need is greatest. Already hundreds of children are receiving for the first time the benefits of an education.

Before the war, Jerusalem, then a city of some 50,000 inhabitants, could not boast of a single government high school. Even now 70 persons out of every 100 do not know how to read and write.

The path of educational development in Palestine contains one great stumbling block, the lack of co-operation and unity among the different elements of population. The government schools today are attended only by Mohammedans.

There is great need for institutions of higher education. At present there is not a college in the entire state of 1,000,000 inhabitants. The American university of Beirut, Syria, is the only place open to Palestinians, seeking higher education.

The authorities recognize this lack of educational opportunity but find themselves helpless to remedy it, owing to the inability to obtain funds.

There has been a great deal of talk in recent years about establishing a Hebrew university in Jerusalem. Its plans have been drawn and the cornerstone has been laid, but the money to build it has not been secured, and it remains in the realm of things yet to be.

(By Associated Press)
NEW YORK, Nov. 3.—With all negotiations for settlement of the milk strike at a standstill following the refusal of the employers' organization to accept Mayor Hylan's proposal of arbitration, officials of the Milk Drivers' union are perfecting plans for a "finish fight," which they predicted might last three months.

(By Associated Press)
CLEVELAND, Ohio, Nov. 3.—Common Pleas Judge Maurice Bernos today granted a temporary injunction restraining striking milk wagon drivers from interfering in any way with delivery of milk here, after several outbreaks of violence had marked the start of the second day of the strike of 800 drivers.

HOLY LAND DISORDERS RESULT IN 5 DEATHS

(By Associated Press)
JERUSALEM, Nov. 3.—Five persons were killed and 13 wounded in disorders yesterday which included the throwing of a bomb. The trouble, the police reported, originated in an attempted attack by Arab rioters on the Jewish quarter.

Of those killed four were Jews and one was an Arab. There were a few cases of knifing and shots were exchanged between the factions. The police frustrated the Arab attack. Later, while the troops patrolled the city, the governor with the officer commanding the troops and principal Moslem notables walked through the streets and restored order.

CHAMPAGNE AT 60C BRINGS JOY TO OUR SOLDIERS

(By Associated Press)
COBLENZ, Nov. 3.—Champagne at 60 cents a bottle in Coblenz is one of the joys of the American occupation as the result of the continued depreciation of the mark.

"What will you have, Chartreuse or Benedictine?" asked a buck private who was entertaining a party of five at dinner the other night. "I want to finish this thing royally," he added. They all had Chartreuse. It cost the buck 35 cents.

STATE POLICE SALARIES WILL BE FULLY PAID

One of the state officials thoroughly cognizant of the situation has figured out that barring further emergency the state police fund deficit will, December 31, 1922, amount to approximately \$4100. The expenditure of this amount in excess of the appropriation made by the last legislature for the support of the police was made necessary by the act of Governor Boyle in ordering Superintendent Rufe Henrichs to put a force of men in the field for the purpose of handling the strike situation in Tonopah early in the summer.

After Judge Averill and Nye county and Tonopah officials requested the state police, the board of examiners held a special meeting and authorized a deficiency of \$25,000. A couple of months ago Controller George Cole observed that the state police appropriation was running low and addressed a letter to the board of examiners, informing the members thereof that his office would issue no deficiency warrants. He received no answer to his communication. Subsequently Attorney General Fowler, himself an ex-officio member of the board of examiners, wrote a lengthy opinion in which he held that Cole's position was untenable. The controller was not favored with a copy of this communication. About a month ago Cole sent a second letter to the board, giving notice that the claims filed with him and approved by the board somewhat exceeded the balance left to the credit of the police in the legislative fund, and requesting advice as to the claims to be paid in full with the money available. This letter otherwise appears to have gone unanswered.

Monday it was announced that arrangements had been perfected for paying state police claims without having the transaction pass through the controller's office at the present time. In the plan to be followed the claims will be scrutinized by the board of examiners and, after approval by that body, will be paid at the bank, which will, at the next session of the legislature, present a relief bill for reimbursement of the amounts advanced on the approval of the examiners.

WHEAT DROPS \$1 A BUSHEL ON EXCHANGE

(By Associated Press)
CHICAGO, Nov. 3.—What long ago used to be considered normally was reached today on the Chicago board of trade—wheat at \$1 a bushel. December delivery fell to that price, the lowest since 1915. Absence of demand rather than any unusual selling pressure characterized the market.

Before the trading ended, December wheat declined a full cent more.

PROOFS OF HANGINGS ARE GIVEN TO SENATE

WASHINGTON, D. C., Nov. 3.—Letters and telegrams from persons, offering to submit proofs of charges that American soldiers overseas were hanged without trial, were presented in the senate today by Senator Watson, whose presentation of the original charges resulted in the appointment of a special committee of investigation.

One of the telegrams, Watson said, was from a former major in the army, who said he could "assist in substantiating the charges." Another, from a resident of Philadelphia, offered to give two photographs similar to that presented recently by Watson, showing a gallow. The Philadelphia, whose name was not made public by the Georgia senator, said he saw one hanging on the muzzle of a negro in uniform, and could supply "positive proof" of the hanging. The correspondent did not say whether the hanging was after court-martial or not.

Facing the Republicans and shoving out his chin, Watson said: "You make a fight on me if you can, if you dare. You said you'd put my head against the wall. Come on, do it!" Later Watson said: "Hereafter, any man who impugns my honor will answer to me not only here, but somewhere else."
